# Optelec Compact 7 HD

Imagine using a high definition magnifier providing more overview and more words per line combined with the best available image quality.

The Compact 7 HD integrates the largest screen available in the Optelec Compact product family; still it is small enough to be easily carried from one location to another.

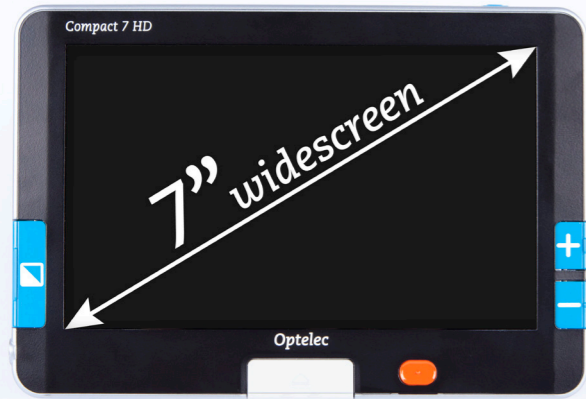

Optelec Corporate Headquarters, The Netherlands

## Large screen in a compact design

With an adjustable magnification starting from 2 times, the Compact 7 HD allows you to see the smallest details of photos or objects on the ergonomically positioned, high brightness 7-inch widescreen.

## Start reading immediately

With the press of only one button, the Compact 7 HD is ready to use. Simply place the Compact 7 HD on the object you want to view and press the large button underneath the screen. The Compact 7 HD opens and automatically starts magnifying with your preferred settings.

## Take it anywhere

Unlike desktop magnifiers, the Compact 7 HD allows you to comfortably read letters and books on your couch or in your favorite chair. At home, in the office, at school or on holiday, the Compact 7 HD is your ideal companion.

## Customizable usability

Adjust settings to meet your specific needs in the special large icon menu. Use the intuitive, easy to operate buttons to choose the preferred viewing modes, the brightness or the power options.
