

Highly maneuverable, this trolley walker is designed for indoor use only. Its narrow overall width makes moving around the home easy and its firm table provides comfort and support for those pain sensitive users.

#### **Outstanding Stability**

The Staffan TW is the ideal rollator for pain sensitive users suffering from arthritis, Parkinson's or many other neurological disorders. It features a wide, firm table support and a narrow overall width that makes it easy to move in and around the home.

#### **Unique Handles**

The Staffan TW features unique front-facing, angle adjustable handles that allow users to find the optimal handle position for comfort and stability. Adjustment is easy with integrated measurements right in the handle tube. The ergonomic design of the grips ensures even distribution of weight. The

Staffan TW can also be equipped with a one-hand brake to allow a user to control hand functions on either the left or right hand side.

#### **Fixed Rear Wheels**

The Staffan TW features fixed rear wheels and front swivel wheels for enhanced maneuverability as well as a hand operated braking system for enhanced safety. Available in two heights, the Staffan folds easily for storage and travel.
